APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit to change the place of use of the waters of Lake Tahoe as heretofore granted under Permit 19540 is issued subject to the terms and conditions imposed in said Permit 19540 and with the understanding that no other rights at the source will be affected by the change proposed herein. A suitable meter must be installed in the discharge line at the pumping station and an accurate measurement of the total amount of water diverted to beneficial use must be recorded at all times. This permit is subject to and made a part of the allocation of water to the State of Nevada under the final provisions of the California-Nevada Interstate Compact. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.0 cubic feet per second.

Actual construction work shall begin on or before November 28, 1968

Proof of commencement of work shall be filed before December 28, 1968

Work must be prosecuted with reasonable diligence and be completed on or before November 28, 1969

Proof of completion of work shall be filed before December 28, 1969

Application of water to beneficial use shall be made on or before November 28, 1974
